

READ THE NEW GRAPHIC NOVEL THE MAKERS CLUB GAME ON!

BY REIMENA YEE & TINTIN PANTOJA

"I loved it! With a diverse cast of teens with interesting backgrounds, *The Makers Club* tackles real problems that young aspiring creators face at home and in school with relatable and believable characters. It's easy to read even if you do not know anything about game development, so you don't need to be a gamer, developer, or artist to enjoy it!"

—Laila Shabir, Founder & CEO of Girls Make Games

Timid artist Nadia is in awe of her new teammate. Priya's a gamer, she's smart, and she knows how to code—so this environmental video game they're building should definitely win the top prize at the Pangolin Secondary School Science Fair, right? But Nadia and Priya soon discover that there's a lot more to making a game than coding and sprites. Will they be able to overcome their differences or will it be game over for them far too soon?
