THE MAKERS CLUB

GAME ON!

Timid artist Nadia is in awe of her new teammate. Priya's a gamer, she's smart, and she knows how to code—so this environmental video game they're building should definitely win the top prize at the Pangolin Secondary School Science Fair, right? But Nadia and Priya soon discover that there's a lot more to making a game than coding and sprites. Will they be able to overcome their differences or will it be game over for them far too soon?

Praise for THE MAKERS CLUB

"What stands out the most is the friendships formed—the way these diverse characters support and empathise with each other."
