THE MAKERS CLUB

STARTING UP!

THE BIG SISTER P300!! I CAN'T BELIEVE I'M TOUCHING ONE!

SOMEDAY... I'LL HAVE MY OWN.

Erm... can I...

Can I try it out?

Oh, yes! The only thing is... it needs to be set up. And then, there are the materials...

Can I use these?

I'm not sure. The machine comes with a basic kit. So we can try that, and use your cloth.

And we can help set up! It seems pretty straightforward.

This is really happening, huh? I love your enthusiasm. Yes, sure. Let's do it!

I need to run some errands for a few minutes.

Maybe you two can set up and turn on the machine first? Don't start any work until I'm back.

I wasn't very good when I started. I kept going anyway.

And after many years, I think I'm now... an okay artist.

Aw, c'mon, you're good.

Thanks. But being good isn't what I focus on, y'know?

Childhood friends Aqilah and Yong Qiang have lost touch over the years. When they are unexpectedly reunited in Pangolin Secondary School, they discover that things are very different and life seems a lot more uncertain than it once was. Will they have the courage to start up a brand new school club and convince everyone, including themselves, that they're ready for independence? Find out how the founding members of The Makers Club forged a friendship that would change their lives forever.
